

media

there's poetry of mine
laid down
on all kinds of media

the loewenbraeu pad
of a german pizzeria
holds 'on a day like this'
on the menu of
la gaviota in fuengirola
I wrote 'costa del sol'
and 'let heroes die'
is sketched on
an auckland paper dish

significant:
'renaissance man'
written and never changed
on a lufthansa ticket
(fra-mia, one way)
for example

as my thoughts are
spread all over the world
so is their materialization
media are
critical

(I used to call myself a cosmopolitan
until they named a magazine after me)

right now,
it's a shooter's napkin
god
if they knew
